

Year 6 Curriculum update

Welcome back Year 6!

We hope you have all had a fantastic, well-earned break.

Get ready for another busy half term ahead...

This half term we will be focusing on 'Our Wonderful World', where we will be looking at texts based on Blue Planet; creating descriptive pieces of writing. We will also look at balanced arguments using David Attenborough's Plastic Ocean as inspiration.

This will be enhanced in Topic when we will explore human impact in world and also in Science and PSHE where we will be learning about human health. Our French lessons will also enhance our theme, where we will be learning new French vocabulary and phrases linked to habitats.

In art, we will be recreating 'The Great Wave off Kanagawa' by Japanese artist Katsushika Hokusai. During Maths, we will develop our knowledge and understanding of geometry, statistics and algebra. We will also be consolidating our learning of decimals and will continue our fluency with our weekly arithmetic lessons.

For PE, we are looking forward to participating in Tag Rugby and Tennis. Please make sure children arrive at school in the correct PE kits on their PE days (see your class teacher for PE days).
