

Year 6 Curriculum update

Welcome back Year 6!

We hope you have all had a fantastic, well-earned break.

Get ready for another busy half term ahead...

This half term we will be focusing on 'Survival of the fittest' where we will be looking at a wide variety of survival stories in English. This will be enhanced in Topic when we will explore surviving a desert island and look at Shackleton's journey, along with other explorers. In Science, we will be learning about the classification of living things.

In Design technology, we will be focusing on cooking and nutrition, completing our very own 'Come Dine with Me' experience.

During Maths, we will be continuing to develop our reasoning and problem-solving skills across all areas and will continue our fluency with our weekly arithmetic lessons.

For PE, we are looking forward to participating in Athletics and Rounders. Please make sure children arrive at school in the correct PE kits on their PE days (see your class teacher for PE days).
