

Broadheath Primary School

Year 5 Curriculum update

Summer 1

Welcome back! We hope you all had a restful two-week break. It is hard to believe that we are already in the Summer term. As always, this term is packed with new and exciting learning.

Curriculum update:

In English, we will be exploring the book *Cosmic* by Frank Cottrell Boyce. We will write our own narratives and develop character descriptions. Throughout the writing process, we will also continue to develop our editing skills as writers.

In Maths, we will develop our understanding of shape, space, position and direction. We will also continue to practise our arithmetic and calculation skills, using both formal and mental strategies.

In Science, we will be developing our understanding of Earth and space.

In Geography, we will be exploring the local area, using geographical skills such as map reading and fieldwork to enhance our knowledge and understanding.

In PE, we are looking forward to developing our skills in tennis and athletics. We will focus not only on improving individual skills but also on working effectively as a team. We are also very excited to be taking part in Forest School on Mondays this half term, led by Mr Sheridan.
